HOAGLAND'S
NEW PATENT SHAFT COUPLING!
W. E. COOPER
HAS PURCHASED THE RIGHT FOR THIS County of the above Patent and will hereafter use it [illegible] manufactured at his extensive
Carriage Factory,
Corner of Second and Morrison Streets
He respectfully refers to the following
CARD.
Having examined the New Patent Shaft Coupling invented by H R Hoagland we feel pleasure in [illegible] it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used
It fastens without bolt or screw and is therefore easily and speedily separated It rests on Gutta Percha so as to be entirely free from the rattling and will be so free disturbs restless horses It is easily changed so that the shafts or tongue may be detached in an instant, and is convenient safe and secure
It is easy to change to the style for coupling any buggy or other vehicle now in use and with small expense We have come to the conclusion to use this [illegible] ourselves at [illegible] in all cases We consider it far superior to the Brewster Patent heretofore considered the best in use

SPECIAL DISPATCHES TO THE OREGONIAN

EASTERN DATES TO JANUARY 31

Congressional

W[illegible] Jan 31 In the Senate [illegible] the Secretary of the Treasury [illegible] organization of the M[illegible] [illegible] late [illegible]

Sumner [illegible] the Committee on Finance [illegible] the Secretary of the Treasury [illegible] Stone [illegible]

Cragin [illegible]

Harlan [illegible] a bill relating to the [illegible] branch of the Union Pacific railroad

W[illegible] from the Military Committee reported adversely on the House joint resolution authorizing the purchase or lease of a building at New York for the use of the staff department

Sherman presented the resolution of the Ohio Legislature ratifying the Fifteenth Amendment

Norton offered a resolution which was agreed to calling on the President for information concerning the ratification of the Fifteenth Amendment by the Legislature of Georgia and in regard to other articles

Ramsey of the Postoffice Committee reported back with amendments the bill to establish the postal telegraph system and a separate telegraph company The company is required to provide lines of telegraph to every city and village where telegraph stations are now maintained for transmission to the public and also to all places with a population of 3,000 The person performing the duties of telegraph commissioner is to be styled the Fourth Assistant Postmaster General The company may purchase any existing lines of telegraph offered to it before Jan 1 18[illegible]

Morton introduced a bill to provide for the admission of Mississippi It imposes the same conditions as the Virginia bill except that members of the Legislature are not required to take any oath

The Senate took up the currency bill and the pending amendments which Morton and Sumner had withdrawn

Sherman submitted an amendment from the Finance Committee that after six months from the passage of the act any banking association in any State having more than its proportion of circulation may be removed to any State having less than its proportion of circulation provided the amount of issue by such bank shall not be deducted from the amount of new issue provided by the act

Morton and Conkling opposed the amendment which was adopted by a vote of 42 to 12

Morton amendment was then renewed fixing the amount of additional circulation at $52 000 000

Chandler moved to amend by authorizing the issue of $100 000 000, while preventing any increase or diminution in the circulation by substituting bank notes for legal tenders

Morton opposed the amendment because he felt satisfied no bill to fund legal tenders bearing no interest into the interest bearing debt could pass Congress at the present session He desired to relieve the present wants of the West and South leaving the question of funding greenbacks for future consideration Chandler's amendment was rejected without division

Cameron said the only remedy for the difficulties was the resumption of specie payments after which make banking like other business, free to all An understanding was effected that the vote be taken on the bill Tuesday at four o clock

Ramsey reported favorably on the House bill abolishing the franking privilege

The Senate went into executive session and soon adjourned

In the House a large number of bills were introduced, including the following To admit Mississippi to representation in Congress; to aid the Kansas Pacific Railroad, to extend that road to El Paso to abolish the Department of Agriculture to provide for the redemption of not exceeding one hundred millions of U S bonds and issuing an equivalent amount of notes not bearing interest to fix the pay of Senators and Representatives to three thousand dollars per year and reducing mileage to ten cents per mile

Ingersoll offered a resolution directing the Committee on Banking to report back within six days his bill authorizing the additional issue of legal tenders to the amount of $44 000 000 The House refused to second the previous question by 43 to 71 and the resolution went over

Cullom offered a resolution directing the Special Committee on a postal telegraph to inquire into the whole system of telegraphing in the United States, and authorizing it to send for persons and papers The House refused to second the previous question by 35 to 45

McNeely offered a resolution declaring that the national debt should be paid in strict compliance with the contract that five twenties are payable in greenbacks, and condemning the policy of the administration in redeeming such bonds at high rates of premium Jones moved to lay the resolution on the table for the purpose of testing the sense of the House The motion was carried by 1[illegible] to 41—a strict party vote

Logan offered a resolution to invite the National Labor Union now in session at Washington to have an address delivered by one of its members in the Hall of the House of Representatives some evening this week on the principles and objects of the association Adopted by 75 to 38

Marshall offered a resolution declaring Constitutional authority to levy taxes not to include the power to impose duties for any other purpose than the collection of Revenue and especially if levied to foster and encourage one section of the country and one class of citizens at the expense of other sections and other classes are unauthorized by the Constitution and unjust to the great body of the people and injurious to all industries and directing the Committee on Ways and Means to propose a bill in accordance with these views Kelsey moved to table the resolutions till next Monday

Fitch offered a resolution to grant belligerent rights to the Republic of Cuba He moved its reference to a select Committee of seven Banks moved its reference to the Committee on Foreign Affairs The latter motion was agreed to 120 to 11

E Sawyer elected from the first Congressional District of Virginia was sworn in Bingham moved that Lewis McKenzie member elect from Virginia be sworn in without prejudice to the claimant Paine and Cessna opposed the resolution because the question was now before the Committee on Elections Farnsworth supported the resolution, which was adopted McKenzie was sworn in

The business on the Speaker's table was taken up and summarily disposed of after which the House adjourned

Robbery and Ruffianism in Chicago.

Chicago Feb 1.—About dark, last evening, three young men entered the grocery store of W H Sargent on West Madison street and while the proprietor's back was turned to get some articles called for knocked him down senseless and proceeded to rifle the store. The thieves escaped Sargent's skull is fractured in three places his condition is critical About an hour previous the same scoundrels met a son of Judge McAllister in the street and gave chase yelling, "kill him — don't let him escape." Young McAllister succeeded in reaching his father's house when the villians left Judge McAllister's severity yesterday in giving all scoundrels convicted before his Court terms in the penitentiary to the utmost extent of the law has aroused intense indignation among the entire brotherhood of criminals in this city, who would probably murder him could they obtain an opportunity Fears were entertained that his house would be attacked last night and a special guard of police were stationed there for his protection

Christian Frank, a laborer, aged 62, hanged himself last night cause intemperance

The engineer, Thomas, who was fired at by parties concealed in the basement of the Court House night before last supposed to be there for the purpose of assisting prisoners to escape, returned to the basement two or three hours after to find a valuable gold watch supposed to have been lost in the scuffle Entering with a lantern and revolver the same two men again attacked him knocking him down and considerably injuring him. They escaped, notwithstanding thorough search was made After the first alarm it appears the burglars were concealed about the corridors in the Court House During the struggle, Thomas fired his revolver which apparently took effect on one of the villains A large crowd of roughs assembled in the vicinity of the jail fence as the prisoners sentenced yesterday were about being conveyed to the penitentiary A strong force of police were detailed to prevent any possible attempt at rescue

Resumption of Specie Payment

The plain, practical and simple way in which Mr. Treasurer Spinner puts the financial question, shows that the resumption of specie payments will be neither difficult nor far in the future. For all practical purposes specie payment is resumed when the national paper-promises to pay reach an equal or very nearly equal price with gold, or whenever paper money becomes so appreciated that the holders, considering the questions of value and convenience of exchange, will not care to present it at the treasury for redemption in coin. Then a proportionally small amount of gold will suffice as a fund for the redemption of a very large amount of paper. Of course, the question of National credit enters largely into all the financial problems, but this is being rapidly established on a most satisfactory basis. The public debt is being reduced with an accelerated speed—the reduction of the year to end March 1st, promising to reach fully $100,000,000. The outstanding bonded obligations of the government, in round numbers will then be about $2,424,000,000. The volume of legal tender currency has been reduced $44,000,000, leaving the present entire circulation $356,000,000.

We have seen how the value of this kind of currency has appreciated from 35 cents on the dollar in 1865, to 88 cents in 1870, with a remaining tendency to still appreciate. If we consider the condition of the country now, as compared with any former year, say 1865 or 6, we shall readily see that all possible influences are working together to raise the price of legal tenders toward par. In 1865 we had $400,000,000 circulating only among the Northern people numbering about twenty-six millions, or about $15 38 to each person. Now we have only $356,000,000 to supply a total population that, by the most intelligent estimates, is not less than 42,000,000, which gives to each person only a fraction over $8 47. The wider distribution of this volume of currency is equivalent to the retirement of a large per cent. of it, and the effect is to enhance its value. When we take into account the rapidity with which our population is increasing—at the rate of over 35 per cent. in each ten years—it is apparent that the present volume of paper money must become, within the next decade, altogether inadequate to the legitimate demands of business. Money is already said to be scarce and clamors are going up to Congress from the South and West for an increase of the volume. It is, therefore, evident that even if the amount of legal tender or demand notes should be swelled to the original figures, it would not operate at all as a check upon the advancing tendency of values, as the issue would go immediately into productive business. If, on the other hand, the issue of new notes be made in lieu of an equal amount of bonds, the latter to be thereupon cancelled, the money want would be supplied while the debt would be practically decreased and the value of our securities thereby advanced. In either event, there is nothing to check the present tendency of paper currency toward par; nor is it easy to see how anything can occur to have that effect unless the Democracy should succeed to the control of the Government and crush our national credit by putting their repudiation notions into practice.

A Couple of Financial Measures.

It appears plainly that Senator Corbett's financial views commend themselves quite generally to the approbation of Congress as well as to the country. It will be remembered that his bill to provide for funding a portion of the national debt, drew out almost universally favorable comment from the press and from eminent financiers. It was spoken of as the most sensible and apparently practicable proposition yet submitted. Mr. Corbett seems to be devoting his attention mainly to financial affairs, which, after all, are the most important of all, in their bearings upon the people, because they involve the weight of the people's burdens. On the 10th January, he submitted the following resolution looking to resumption of specie payments by the national banks, which by unanimous consent was considered and adopted:

Resolved, That the Committee on Finance be, and hereby are, instructed to inquire into the expediency of enacting a law whereby the national banks shall be compelled hereafter to retain semi-annually the gold interest paid them upon their bonds held by the Government to secure their circulating notes until the amount shall reach a sum equal to the amount now provided by law to be held as their reserve in legal tenders, and to be retained as a reserve in place of and as a substitute for legal tenders, that they may be in condition at some future day to resume specie payments.

On the same day, Senator Williams introduced the following joint resolution which upon his motion was referred to the Committee on Finance:

Resolved, &c., That the Secretary of the Treasury is hereby authorized and required to redeem in coin such United States Treasury notes as may be presented for redemption, at the rate of one dollar in coin for one dollar and twenty cents in Treasury notes, and such notes so redeemed shall be used for the purchase of the bonds of the United States bearing interest at the rate of six per cent per annum in gold.

If this resolution be adopted, it is quite evident that the tendency of it will be to fix the maximum price of gold at 120. Mr. Williams explained that under it, "no compulsion is contemplated; but, if persons holding greenbacks prefer, they can have gold at the rate of $1 in gold for $1 20 in currency upon presentation, or they can keep and use their Treasury notes, as they see proper." Let it be known that the government will pay at all times, at the rate fixed by the resolution, and it will render it almost impossible for the bulls and bears to create sudden or extensive fluctuations in gold and currency. Everybody but the gold gamblers will probably be able to see the practical good results sought.

Editorial Notes

The *Press* asks, "What is more common than to hear Republicans boasting of their former connection with the Democratic party?" And what is more common than to hear such Republicans congratulate themselves that they have escaped the dishonor of a connection with the Democratic party, through the damnable courses it has pursued the last ten years?

The Polk county *Times* indorses the proposition of the Albany paper, to nominate an U. S. Senator at the Democratic State Convention. It favors the plan in order "to prevent any misunderstanding or chicanery in the Legislature." But then, *Times*, you didn't happen to think of the "misunderstandings and chicanery" which may take place at the convention, did you? We are, however, in favor of the proposition, and we wait with some eagerness to see the wake and the fun."

Horace Greeley recently tried his hand at criticising Mr. Wells' report, in relation to the wool clip of 1868. He undertook to say that Mr. Wells had committed the grave error of nearly doubling the real figures that he had put the clip at "four pounds and three quarters per head for each sheep when the clip per head in 1860 was only two and sixty-eighth hundredths pounds"; whereat Mr. Greeley grew facetious and called Mr. Wells "our Munchausen special," etc. Mr. Wells, Jan. 13th, replied that he had "never estimated the clip per head at four and three quarter pounds or any other figure," and that his authority for estimating the total clip at 177,000,000 pounds was the *Bulletin* of the National Woolen Manufacturers Association, E. B. Bigelow, President, and John L. Hayes, Secretary, which had estimated it two millions higher, even, than did Mr. Wells. This passage shows that Mr. Greeley had undertaken to criticise the report upon altogether false assumptions as to facts and without proper information, and Mr. Wells says that this instance affords a fair illustration of the manner in which his report is being dealt with by the advocates of restrictive legislation.

The people of Portland are certainly an obstinate set. In spite of all the "blowing" of east-side property-holders, and the lugubrious croakings of certain west-siders, about grass grown streets, moss-covered walls, empty houses and a general gone-in-stiveness which has been predicted to come on right away, the obstinate people continue to buy and sell real estate, to build palatial stores and dwellings and to improve generally, just as though they had not the least idea that they are doing it all for the owls and bats. They obstinately hold up the prices of real estate, too, and refuse to bate the rents. Every little while we hear of some particularly obstinate person who has just sold a lot or block for a handsome advance on the price paid for it a year or six months or three months ago. How can they, when they have been told so often that property is so soon going to be valueless? Why don't they read the commandments or something of that sort? It is beyond comprehension how these people will so obstinately rush on to prosperity, and growth, and enlargement of business, and improvement of the city, when ruin so stares them in the face.

OREGON.

The *Times* says Polk county has thirty six men who pay over $100 taxes. The highest tax paid last year was $534.

Frank Stewart of the Polk County *Times* has gone from Dallas to Salem to spend "a few weeks in the country" for his health—says the *Press*. That's a joke on Salem.

Senator J. N. T. Miller of Jackson county has recently lost four of his six children by death from scarlet fever, which has been prevailing extensively in that part of the State.

From the Salem *Press*: Citizens are petitioning for the appointment of two policemen..... Money matters are easier than at any time during the past year .....The flouring mills have resumed work.

Hon. E. L. Applegate is announced to lecture at Eugene for the benefit of the Odd Fellows Association. Subject Agriculture—its appurtenances and concomitants—impending ruin and theory of escape; something should be done and what that should be.

Salem items from the *Statesman*: Business is improving.........The course of medical lectures is in progress.........The churches are holding noon-day prayer meetings.........Mr. Elisha Corbett writes to the Stage Office that he expects in two weeks to run the stages to connect with railroad trains five miles above Oregon City, and make regular trips.

From the Dalles *Mountaineer*: Pentland's flouring mill has shut down to make improvement......Mr. W. P. Abrams was badly hurt a few days ago by a piece of scantling thrown against his face by a circular saw......Deputy Sheriff Schutz started on Monday to Umatilla with a negro prisoner arrested for stabbing a man on one of the up river boats about two months ago.

A young man who gave his name as Sprague and represented himself as a student for the ministry at Philomath College, has been bilking the Corvallis people. He got some "temperance" books of Carter of the *Gazette* and a horse from R. G. Simmons. The former he didn't read and the latter he ran away with to Salem, where he gambled him off. The horse has been recovered, but the books are still out.

The Corvallis *Gazette* says: Major Johnson, of the City Hotel, has proposed to board all the officers and employes of the Willamette Freighting Company, while their boats are being built at this place, and take the full amount in the company's stock. Other parties are also manifesting a lively interest in the success of the enterprise. From the present indications the company will have at least two boats ready for the harvest of 1870.

From the Eugene *Guard*: Mr. Applegate's report on railroad survey says, the survey made running east of Spencer's Butte, is a shorter and better route than the Burrage route, which runs by Springfield......... The Eugene mill property has been sold to Messrs. Patterson, Underwood and Osburn for $16,500......E. Ellsworth and J. H. D. Henderson have been appointed by the citizens a committee to secure rights of way for the railroad along the Burrage survey. They publish a card calling upon the people to "come down."

CUBA AND THE ADMINISTRATION.—The following paragraph from Forney's paper, quite in contrast with that which he was in the habit of writing some weeks ago, undoubtedly expresses the view now taken by the administration of affairs in Cuba. He says, "The Cubans persistently and flauntingly violated the laws of the United States, and blunted the ardent sympathies with which the loyal people of the North regarded them. Instead of spending their means in the purchase of arms and ammunition, the carriage of which, under the American flag, Mr. Fish had informed them would be protected on the high seas, the Cuban Junta, under the advice of rebel privateers and ex-Confederate Generals and other military or naval officers, publicly organized an illegal expedition of armed men in New York, and fitted out illegal vessels from ports of the United States. Instead of bending their energies to rendering practical assistance to the men who were fighting for their cause in Cuba, they spent them in vain efforts to sow dissension between General Grant and his Cabinet, and to weaken the Administration in Congress, and before the people. Left thus alone, the armies of Cuba dwindled away, place after place was lost, until not a town was left to them, and the peripatetic movements of Cespedes, which, but for the bad management and bad faith of the Cuban managers and their friends, might have put itself in a position to be recognized by a Government whose sympathies were with it, has not shelter to cover it nor place in which it can safely hold deliberations, and the end of the insurrection can not long be deferred."

JESSE D. BRIGHT AS A HATER.—Commend us to Mr. Jesse D. Bright for an unscrupulous, consistent, merciless hater. Time softens not the bitterness of his wrath, nor soothes his perturbed spirit. Yesterday an application was made in the Kentucky Legislature for a charter for the Lincoln Lodge of the American Protestant Association at Covington. Whereupon the Honorable Jesse let himself loose, and declared with terrible emphasis and tremendous repetition that he never would vote for anything that bore the hated name. If Mr. Bright only hated the devil with a thousandth part of such hate, what an excellent Christian he would be.

THE HAIR MARKET.—The wonderful head toilets which are now in vogue among the ladies has occasioned a great demand for hair. The price has advanced, and the supply is deficient. The ingenuity of French dealers has been put to the severest tests. One of their resources is the purchase of beards. Some of the lords of creation grow them to a length which is sufficient for moderate chignons. They may be rather coarse, still they are better than nothing, though the associations can hardly be very pleasant to their fair purchasers.

EASTERN MATTERS IN GENERAL

THE BRITISH COLUMBIA QUESTION.

From the Chicago Republican, Jan. 7.

WASHINGTON, Jan. 11.—The *Pall Mall Gazette* having doubted the genuineness of the petition by the colonists of British Columbia for independence, &c., Mr. Vincent Colyer, in a note addressed to the Washington agent of the New York Associated Press, denies that, as charged, American politicians had anything to do with it. The petition was drawn and signed by the citizens of Victoria without any outside influence whatever. The signers requested him to hand it to President Grant at the same time a petition was forwarded to the Queen of England, different in its reasoning from the other, but of the same import, in which they ask Her Majesty if she will graciously permit the colony to become a portion of the United States and praying she will cause such steps to be taken as she, in her wisdom, will deem proper, for a speedy transfer of the colony to the United States. A copy of the petition was recently submitted to the Senate by Mr. Corbett, together with a resolution in furtherance of the object, which was referred to the Committee on Foreign Relations.

SESSIONS OF THE INDIAN COMMISSION.

The Indian Commission continues its sessions. Contradictory reports of threatened outbreaks and the peaceful condition of affairs in Montana and Wyoming are received. Gov. Campbell, of Wyoming, asked for legislation looking to the opening up of Indian lands in the north-eastern part of Wyoming to gold prospectors, and that the Shoshone reservation may be curtailed so as to allow a mining company to retain possession of a portion of the reservation upon which they have trespassed. Mr. Colyer read a report of his tour in the Indian territory, New Mexico, Arizona and Alaska, and recommended that Congress be petitioned for a code of laws defining misdemeanors in the Indian country, that it organize a constabulary or border police to be made up chiefly of married men, who shall serve during good behavior at fair pay, and that Indian agents shall have magisterial powers to pass sentences and issue orders for the arrest of the guilty. The Commission have arranged for a meeting with the Committee on Indian Affairs of both Houses to-morrow, and the Secretary of the Interior and Commissioner Parker will attend.

DEATH OF EX-GOVERNOR DURKEE.

KENOSHA, Jan. 15.—Hon. Charles Durkee, late Governor of Utah Territory, while on his way to this city, his home, was taken sick at Omaha, and died yesterday morning. He was one of Wisconsin's early settlers, and had served one term as United States Senator. His remains will arrive in this city on Monday, when his neighbors and fellow-citizens will turn out and show due respect for one of our most respected citizens.

SIOUX INDIANS REPORTED ON THE "WAR PATH"—INSURGENTS' GOVERNMENT RECOGNIZED BY THE HUDSON'S BAY COMPANY'S AGENT.

ST. PAUL, Jan. 15.—A correspondent at Pembina, under date of the 3d inst., says: "A letter from a young man named Rollette, at Fort Garry to his father at Pembina, dated December 31st, announces that the Sioux Indians were at that time within sixty miles of Fort Garry, and informed parties sent out by Riell to stop them that they were on the 'war path' against the half breed insurgents and Americans, instigated thereto by Shawman, the notorious scoundrel, who, as asserted by the French, was employed to do this work by McDougall. Considerable excitement prevailed at Fort Garry. Another correspondent says that Donald G. Smith, who was sent by the Hudson's Bay Company to supersede Governor McTavish, had publicly acknowledged the validity of Riell's Government. There seems to be some prospects of the missions of Fathers Thibault and Desalaberry having some success, as these gentlemen seem inclined to concede nearly every demand of the insurgents."

THE RULE IN RELATION TO FARMER'S REVENUE LICENSE.

[From the New York Times, Jan. 16.]

WASHINGTON, Jan. 14.—The Commissioner of Internal Revenue to-day ruled that all farmers who made it a business or occupation to sell in the market houses, or other places, must pay the regular retail trader's license. But if they merely from time to time, sold, incidentally, the productions of their own farms, they were exempt. He orders the greatest latitude to be given, so that farmers may have a chance, but those parties who do not produce, and others who produce and sell the productions of other farms as well as their own, must be made to pay.

REVENUE RECEIPTS FOR THE LAST FISCAL YEAR

WASHINGTON, Jan. 14.—The total receipts of internal revenue for the fiscal year ending June 30, 1869, from the States and Territories was $143,027,988 78. This is exclusive of receipts for tax on salaries, stamps, and passports through the State Department. Of this sum New York paid over $35,000,000; Ohio, $16,000,000; Pennsylvania, $15,000,000; Illinois, $13,000,000; Massachusetts, $9,000,000; Kentucky, $7,000,000; Missouri, $5,000,000; Maryland, $4,000,000. Then follows the other States and Territories, in relative position, as follows: Ninth, California; tenth, Indiana; and so on down to Florida, which is ranked 39, or lowest among the States. Idaho pays the largest, and Wyoming the smallest sums among the Territories. The District of Columbia paid $500,000, and is marked 27 among the State numbers.

THE REMOVAL OF THE CAPITAL—LETTERS FROM CONGRESSMEN COBURN AND BOYD.

[From the New York Times Jan. 15.]

At a meeting of the friends of the project to remove the national capital from Washington to St. Louis, held in the latter city on Thursday evening, the following letters were read:

WASHINGTON, Dec. 20, 1869.

Mr. L. U. Reavis—Dear Sir: Yours came to hand duly. I have done nothing on the address, time has been engrossed. Nothing new. We are pretty strong. Don't know exactly how strong. Hope to overcome all large appropriations. They want about $800,000 for the city and public buildings this year. But we are quiet as we can be.

Yours truly, J. COBURN.

FROM CONGRESSMAN BOYD, OF MISSOURI.

WASHINGTON, D. C., Dec 24, 1869.

Mr. L. U. Reavis—Dear Sir: We have grown from a very small circle until we confidently rely on seventy-four members of the House to vote against appropriations and for removal of the capital, and we have a good large number yet to work on; and the beauty of the movement is, we have large meetings, and no one outside knows anything about it. When you left, all the city papers noticed it, and believed the removal had petered. Little did the poor, sleeping, slumbering ignorance of Washington know that you have secretly left a little leaven which may blow their own castles to perdition in a twinkle of an eye. Our great attack is against appropriations for the great Fair. If we succeed with this, then we will raise our banner—On the Valley of the Mississippi and the Queen of the Antilles. Yours, &c.,

S. H. BOYD.

CONVENTION OF POSTMASTERS—WHAT THEY RECOMMEND.

WASHINGTON, Jan. 14.—The meeting of prominent postmasters, convened at the request of Postmaster General Creswell, to-day concluded their deliberations. Among other things, they decided upon the following matters:

1. That agents shall be established in various ports in large cities, where letters can be registered and delivered to regular mail carriers.

2. That special combination locks be provided for through mail bags between large cities, and arranged so that they can be opened only at the points of starting and destination.

3. That fees for money orders be reduced to five cents for any amount below $10.

4. That there be located in all Post Offices an agent of the Dead Letter Office, authorized to open and to forward to the writers all letters held for postage. All unsealed circular letters and periodicals, for delivery in the limits of the office in which they are dropped, to be paid at one cent.

5. That all newspapers, when mailed by the publishers in bulk at the office of mailing, if prepaid, shall be taken at a large reduction of rates.

6. That publishers shall be allowed to transmit specimen copies of papers and magazines, with posters and prospectuses inclosed.

7. They condemn the patent letter box, and urge the use of the plain iron box, and do not believe that thefts are possible in street boxes in cities where police are employed.

8. They urge that additional inducements be held out to secure more general use of stamped envelopes, with the name of the writer upon them, on account of saving trouble where the person addressed is not found.

9. That in view of the reduction of fees on registered letters, and the reduction of money orders, the Department take every means to bring them into more general use.

10. That the present uniform pay of letter carriers be readjusted so as to make three classes of offices: first, where 100,000 letters are delivered annually, carriers shall receive $800, $900 and $1,000, 50,000, second class, and carriers to receive $700, $800 and $900, where less than 50,000, carriers shall receive $600, $700 and $800, and allow Postmasters of first class to employ carriers of second and third class grades.

11. That there shall be no removal of either carriers except for specific charges of misbehavior, incompetency, or violation of Post Office laws. Authors' manuscript shall go through mails rates the same as book manuscripts.

12. They urge a new set of Post Office stamps and the use of a better article of gum, also, that new and better envelopes be adopted for registered letters.

DEMOCRATIC RETRENCHMENT.

The first practical illustration of the Democratic cry of "retrenchment" has been made by Mr. Patrick, of Chemung, who introduced a bill to increase the salaries of all the clerks and deputies in the various departments of the State Government. With gold at 121, Democrats find it impossible to subsist on salaries that were deemed ample for Republicans when gold was at 200.

IDAHO TERRITORY.

OPPOSITION TO DIVISION OF THE TERRITORY—MINING OPERATIONS TO BE SOON RESUMED.

From the Boise Statesman, Jan. 25.

At a meeting called and held at the Court House last evening, to take measures for opposing the bill now pending in Congress to divide the Territory, A. Heed, Esq., was called to the chair, and Jas. S. Reynolds chosen secretary.

On motion of J. C. Geer a committee of three were appointed to draft resolutions expressive of the sense of the people of Boise City in opposition to the bill. The chair appointed J. C. Geer, [illegible] Foote and Judge Milton Kelly.

On motion the chair also appointed Governor D. W. Ballard, I. J. Curtis and E. D. Holbrook a committee to draft a remonstrance to be circulated for signatures. Adjourned to meet at half past six o'clock this evening at the Court House.

Many people are looking towards numerous mining camps with a view to commence operations soon should the present mild weather continue. Sufficient snow has fallen in the mountains to make the coming season a prosperous one almost certain. Next summer will, without doubt, be the best for Idaho that we have had for two or three years.

SHEPARD RUBBER BOOTS.

(Patented December 1st, 1868.)

LEATHER (OUTSIDE) SOLES.

IRON CLAD HEELS.

THE USUAL WAY OF NAILING LEATHER SOLES on Rubber Boots makes holes quite through the Soles, which are sure to leak. These Leather Soles are fastened by anchors embedded in the Rubber when the Boots are made, but do not go through the Soles. **The Boots are therefore perfectly Water-Proof**, and the **Soles can be mended** without making them leak. They will wear three or four times longer than the ordinary double sole Rubber Boots.

A FEARFUL RESPONSIBILITY rests upon those charged with the care of children. A careless neglect in the timely use of a well-known, safe and certain remedy for that most common and dangerous complaint called *Croup*, should subject the party to the severest censure, when it is well known that a bottle of NEWELL'S PULMONARY SYRUP would have warded off

the attack! Mothers and Nurses, keep it by your bedside, and use it without fear upon the first symptom, and with a certainty of immediate relief! Newell's Pulmonary Syrup is confidently recommended as a SURE CURE for Coughs, Colds, Asthma, Croup, Whooping Cough, and all Pulmonary complaints. If you but try it, you will never wish to be without it.

CITY.

WEATHER RECORD.—From the record kept by Mr. Lyle W Gilliland, of the Portland Library Association, for the month of January we are permitted to make the following statements in regard to the temperature, etc, of the month The highest temperature of the month was on the 28th at 2 P. M., when the mercury stood at 55 deg at the highest average for one day, of twenty four hours, was on the same day 7 deg The lowest temperature was on the 18th at 4 A M when the mercury sank to 17 deg This and the 19th following were the coldest days of the month the mean temperature being 23 deg The mean temperature of the month was 40 deg Rain fell on sixteen days, from the 10th to the 29th, inclusive except the 17th, 18th and 22d The greatest amount falling on any day was on the 24th 7 of an inch. The entire rainfall of the month was 4 8 inches. Five tenths of an inch of snow fell on the 19th. There were only four days noted as entirely clear, the 3d 4th, 5th and 6th The wind blew strongest on the 14th, 15th, 2 1 and 27th—blowing with a force of twenty five miles per hour. The highest winds of the month were from the west and southwest.

The exact altitude above the sea of the instruments with which these observations were taken has not yet been ascertained Besides a complete set of instruments are not yet furnished, which accounts for any lack of completeness that may appear in this report. The task of keeping these tables and making up a report of the result is one of much more labor than we had supposed, and will require much care and particularity, if it is correctly done Mr Gilliland has certainly done well, considering the instruments which he has worked with and the disadvantages under which he has labored When he is able to make these reports perfect by the aid of additional instruments, they will be useful in the dissemination of information in regard to our climate

THE THEATER.—The theater goers of Portland enjoyed a most excellent and entertaining performance last night, as they will certainly do every time they go to hear Joe Murphy who never fails to bring out loud applause We also notice the singing by Miss Mandeville last evening as being something much better than that to which we have been accustomed to hear on the stage in this city. Her voice, which she controls with the greatest of ease, is rich and melodious, and we hope to hear her sing often Her acting was also very appropriate and she certainly made a favorable impression on the audience last night Mr Barry, as usual, made everybody laugh by his unsurpassed comic performance All the troupe were ready and acquitted themselves with much credit to themselves and interest to the public The bill for to-night is a splendid one, Ireland and America, and the Two Gregories

AT ASTORIA.—We learn the following from a private letter written at Astoria to a gentleman in this city On last Friday the steam tug *Astoria* made an excursion to Cape Disappointment, having on board the Astoria Regatta Club and invited guests While at the Cape, Mr Winship, first engineer of the *Shubrick*, presented Mr. Munson with a beautiful set of colors as a prize for the fastest sailer in the Astoria Regatta Club, at a race last fall, the particulars of which were then given in this paper Mr S N Arrigoni made the presentation speech, and was followed by Capt. Flavel in some appropriate remarks At four o'clock P M. the party returned to Astoria in a jolly good humor.

CONCERT.—The Twenty Third Infantry Band will discourse the following programme musical, at the plaza, beginning at half half past two P. M. to-day

1. Grand March, "Un Ballo in Machera."—*Verdi*
2. Crystal Schottisch
3. Ballad, "Thou Art so Near and yet So Far"
4. Lurline Quadrille.
5. Potpourri, from Grand Duchess —*Offenbach*
6. The Chase Polka
7. Duet of the Two Men at Arms and Serenade of Page, from Genevieve.—*Offenbach.*
8. The Mocking Bird.

THE CHAMPION.—The *Corvallis Gazette* of Saturday says Through Mr. Fisk, who is just over from Yaquina Bay, we learn that no tidings have been received of the schooner *Champion*, which sailed from Portland for Yaquina, under command of Capt. S Dodge. on 7th inst. In consequence of recent storms along the coast, fears are entertained that the vessel and all on board are lost. The family of the Captain are deeply distressed The *Champion* had considerable freight for Tillamook, and she may have put into that place before the storm We trust yet the fears for her safety may be unfounded.

MRS STOWE'S BOOK.—Mr Chas Barrett has placed upon our table a copy of Mrs Stowe's "Lady Byron Vindicated" This book has been so generally discussed by the press, that no notice of the contents can be necessary It contains near five hundred pages, which contain a great many documents, and what Mrs. Stowe, no doubt, believes to be proof of the perfidy of Lord Byron and innocence and wrongs of his wife It is a book to be read, whether or not it may be believed. It may be obtained at Mr. Barrett's.

ESCAPED.—Yesterday Marshal Saunders received a telegram from Steilacoom announcing that the man Wilson, who was arrested here on a charge of the murder of Israel Wydeen and afterwards taken to Washington Territory and tried upon another charge—that of stealing a span of horses—and sentenced to the penitentiary for a term of years, had escaped He got out of the building used as a Territorial prison with a Gardner shackel on, and gave the officers the slip A reward of $150 is offered for his re arrest

U. S. CIRCUIT COURT.—In the United States Circuit Court, yesterday, the proceedings were as follows

Lamb et al, vs Burbank, demurrer confessed, and complainants had leave to file amended complaint on payment of $10 and costs

S. G. Elliott vs. Ben Holladay et al, motion to strike the reply from files, motion denied They er and Page for plaintiff, Mitchell for defendant

Court adjourned to Tuesday, 8th inst

PUBLIC SCHOOL FUNDS.—The school law makes it the duty of the district clerks to make their annual report before the first Monday of March, in order to obtain their portion of the School Funds to be divided at that time The amount to be divided among the several school districts of this county will be about the same as that of last year

TIME WRONG.—In an item, appearing in this paper last Saturday morning, in regard to income returns, a slight mistake occurred in regard to the time for which the returns are made It should have been for the year ending Dec 31 1869, instead of May 1, 1870 The payment of the tax must be made prior to the last named date

WHEN.—It has been suggested that it would be a good idea if the Street Commissioner would have the piles of mud which have lain on several of the principal streets in the city for several days cleaned up They look very unsightly, and besides being inconvenient, are not at all promotive of the best sanitary condition

ASTORIA NEWS.—The steamer *Mary Bell* from Astoria, reached here at a late hour night before last. She reports the *Live Yankee* not yet gone to sea. Two barks, probably the *Alwy* and *Cambridge*, were sighted off the bar when the *Mary Bell* left, and the tug had gone out to bring them in

ELECTION.—The following officers have been selected to serve for the ensuing year for the Willamette Dray and Forwarding Co President G W. Taylor, Superintendent James Holman Secretary and Treasurer Edward Holman Directors R. Holman, John Holman and A Jackson

RETURNED.—Hon Q A Brooks reached this city yesterday afternoon by boat from Oregon City. He came on the stage overland from Sacramento and reports the ride as an exceedingly rough one His family remained in California

POSTPONED.—The first annual meeting of the stockholders of the Puget Sound Homestead Association has been postponed until the second of March, at which time the election of officers will take place

ASSAULT.—A man named Winter was arrested yesterday charged with having assaulted Bridget Brinie. Unable to give bail Winter went to jail and will have a trial before the Recorder this morning

SMELT.—This delicious little fish can be had at very moderate rates at the Union Fish Market on Washington street kept by Mr Quinn He received some splendid ones last night

STEAMERS.—The steamship *Ajax* arrived last night at half past eleven o'clock from San Francisco She passed the Wenat and down the coast on Monday at 1 p

NEW TERM.—The Spring term of St Helen's Hall boarding school for young ladies began yesterday, with an attendance of about 100 pupils

ANNEXATION OF BRITISH COLUMBIA

RESOLUTIONS IN THE SENATE ON THE PETITION OF RESIDENTS OF VICTORIA

In the U S Senate Jan 10th Mr Corbett submitted the following preamble and resolutions

Whereas it is believed that it is the earnest desire of the people of British Columbia to be annexed to the United States of America, as appears from the following petition of the people to the Queen which reads as follows

The text of this petition has already been published in the OREGONIAN [illegible]

And whereas questions of difference exist between the Government of Great Britain and the United States as to the boundary line between their respective territories and whereas the United States claim that they have suffered great loss being fitted out in British waters to cruise against and destroy American commerce and which can is difficult to calculate and settle in money the damage done to said commerce and the Government of the United States by the prolongation of war, to the great injury and suffering of our people and whereas it is the desire to establish the most friendly relations with Great Britain upon a firm and enduring basis Therefore,

Be it resolved, That the Secretary of State inquire into the expediency of proposing to Great Britain to include in any treaty for the adjustment of all matters of difference between the two Governments an article for the transfer of British Columbia to the United States

The Vice President If there be no objection the preamble and resolution are before the Senate

Mr Corbett Mr President, I have introduced this resolution thinking that perhaps it may lead to the adjustment of the difficulties between our own Government and that of Great Britain, commonly called the *Alabama* claims The importance to the United States of the early settlement of these claims and the firm establishment of friendly relations with Great Britain must be apparent to all The petition of the people of British Columbia seems to open up a way that may lead to the settlement of those questions It would be difficult, in my opinion, for the British Government to compensate the Government of the United States for the losses that we sustained during our late war by the concession of any moneyed consideration but the concession of this territory, valueless to a great extent to Great Britain but which may in future years be valuable to us, perhaps may be the basis of such a settlement

A great proportion of the people of British Columbia are emigrants from the United States, who went there during the early gold fever, called the Frasar river excitement They emigrated there for the purpose of mining They became identified with British Columbia to a great extent—building extensive buildings in Victoria, investing their money, thinking that in the future it would be a place of great importance But since the gold excitement has died away that country has to a great extent receded in its prosperity, and now the people look to annexation to the United States for their future prosperity In my opinion the discriminating tariff duties of the United States against British products and against the products of those colonists must always keep them in a state of dependency, and therefore it seems not only proper but right that those colonies should be annexed to the United States It would be not only an advantage to our own Government, but I have no doubt it would be a source of advantage to the British Government, in relieving them of a large amount of expense which to the United States would be comparatively small If it were annexed to the United States it would be rapidly settled and occupied by the large population that is flowing to us each year from Europe I trust that the resolution will be adopted, and that this question will be considered by the United States and by the British Government

After some discussion, the resolution was referred to the Committee on Foreign Relations

From San Francisco

SAN FRANCISCO, Feb 1 – Injunctions were served this morning on the tax collector against selling of outside lands for delinquent assessments, and sale has consequently been postponed until legal decision is given in the matter

The America sailed for Yokohama at noon to day, with 500 passengers $644 000 in treasure, and merchandise to the value of $90,000, including 1000 flasks quicksilver and 100 tons of flour

The feature at the stock board this morning was activity in D H Treasure, which closed ½ better than last evening

In the Police Court to day, Harry Courtaine appeared in the dock to answer a complaint for common drunkenness The court gave him some good counsel, and said if he would endeavor to reform, his offense would be reduced and his term of imprisonment made five days in the county jail Courtaine said he would appreciate the court's leniency and try once more to shake off the shackles of his appetite He begged to be allowed to stay in the city prison, as he would have company there, if not the best, still the society of human beings, but the court thought he ought to be sent to the county jail where he will have time and opportunity for undisturbed reflection on his course and present condition

The friends of Gov Low gathered in large numbers at the wharf to day to witness his embarkation for China The steam tug *C J Brenham* provided with a band of music, was crowded The Minister's party, consisting of himself, wife, daughter and lady governess, went on board just before she started and retired to the cabin When the vessel moved off Mr Low was on deck, and cheer after cheer rent the air The tug escorted the steamer to the Heads and the band played at parting "Auld Lang Syne"

The Metropolitan Hotel, corner Stockton and Vallejo streets has been on fire for the past twenty minutes but is now nearly extinguished without any great loss The fire originated in the stable adjoining which was destroyed

DR. J. J. M'BRIDE,

TELLS YOUR DISEASE WITHOUT ASKING ANY QUESTIONS!

A CARD.

SAN FRANCISCO Oct 16 1869

DR McBRIDE—My Dear Sir For the last six or seven years I have been afflicted with rheumatic pains, from my knees down embracing all the joints of ankle and toes These pains have come upon me periodically every year about this season of the year My knees and ankles, and toe joints, and my wrists and finger joints would swell and leave me in the most agonizing pain, known only to those who have suffered from this dread malady These pains would continue for a period of from three to four months every year, and they have been regular unfailing annual visitors I have been accustomed to apply for relief to the best citizens of San Francisco, and have not failed to use all the popular remedies known to the public I would sometimes receive temporary relief after long continued application, but it would never fail to return in a few days with increased severity

About two weeks ago while my pains were upon me, I saw your advertisement of one of our streets, and heard what you said about your King of Pain I confess that I listened to you with deep distrust indeed I may say that I did not believe your statements [illegible] "It's only a dollar, and I'll patronize the 'humbug' one dollar's worth" I bought a bottle and tried it first on my knee, which was swollen and in severe pain I suffered very severely The second night I tried it again and my good Doctor you can judge of my surprise, ecstacy and delight, altogether when I found on rising the second morning that my pains were entirely gone, and the swelling entirely disappeared My knee joints were as supple as when I was young I actually danced with delight much to the amusement of my friends who had been in the habit of regarding me as a decrepid old rheumatic It has now been two weeks and I have not felt the least symptom of return I believe I am cured and I feel so grateful to you that I offer you this statement, verified by my oath, to be used by you in whatever way you may think proper, and I feel it a duty to thus similarly afflicted know where they can find relief

I am yours very truly RAPHAEL LOCKAYSE

State of California, city and county of San Francisco On this 16th day of October 1869 personally appeared before me a Justice of the Peace in and for the city and county of San Francisco aforesaid Raphael Lockayse known to me to be the person who signed the foregoing letter, and who being by me duly sworn, deposes and says the contents thereof are true
T W TALIAFERRO, Justice of the Peace

TO THE PUBLIC

Grateful for the eminent services of Dr J J McBride I cheerfully make a statement of the facts For twelve months I had suffered from [illegible] nervous system, resulting in partial paralysis and a total loss of sight [illegible] my case as hopelessly incurable I had seen heard my days numbered by doctors and friends [illegible] I my neuralgic pain I bought the great King of Pain Under that benign influence, in one half hour I had in no [illegible] medicine and then I had known to say [illegible] could read print, although I had needed a guide to find Dr McBride's office an hour before [illegible] I had regained the use of my almost palsied limbs, and seemingly my strength had returned [illegible] aches had vanished [illegible] [illegible] I am [illegible] regained my whole physical system [illegible] limited health

FULL TEXT OF THE ANNEXATION TREATY—POSITION OF THE UNITED STATES

From the New York Times Jan 13.

WASHINGTON, Jan 12 The full text of the treaty celebrated between the United States of America and the Dominican Republic for the incorporation of the second with the first is as follows

The people of the Dominican Republic having, through their Government, expressed their desire to be incorporated into the United States as one of the Territories thereof, in order to provide more effectually for their security and prosperity, and the United States being desirous of meeting the wishes of the people and Government of that Republic, the high contracting parties have determined to accomplish the treaty, an object so important to their mutual and permanent welfare For this purpose the President of the United States has given full power to Mr Raymond H. Perrez, United States Commercial Agent in the city of San Domingo, in the Dominican Republic, and the President of the Dominican Republic has given full powers to Mr Manuel Maria Gautier, Secretary of State for Foreign Affairs of the said Dominican Republic; and the said Plenipotentiaries, after having communicated to each other their respective full powers found in good form, have agreed upon and concluded the following articles, viz.:

ARTICLE 1. The Dominican Republic, acting subject to the wishes of its people, to be expressed in the shortest possible time, renounces all rights and sovereignty as an independent sovereign nation, and cedes these rights to the United States, to be incorporated by them as an integral portion of the Union, subject to the same constitutional provisions as their other Territories. It also cedes to the United States the absolute fee and property in all the custom houses, fortifications, barracks, ports, harbors, navy and navy yards, magazines, arms, armaments and accoutrements, archives and public documents of the said Dominican Republic, of which a schedule is annexed to this treaty, public lands and other property not specified excepted.

ART. 2. The citizens of the Dominican Republic shall be incorporated into the United States as citizens thereof, inhabiting one of its Territories, and shall be maintained and protected in the free enjoyment of their liberty and property as such citizens, and may be admitted into the Union as a State upon such terms and conditions and at such time as Congress shall provide by law.

ART. 3. The public lands and property belonging to the Dominican Republic not herein specifically ceded to the United States, are pledged to the payment of all the public debt, liquidated or unliquidated, which shall remain after the payment provided for in this treaty.

ART. 4. The people of the Dominican Republic shall, in the shortest possible time, express in a manner conformable to their laws, their will concerning the cession herein provided for; and the United States shall, until such expression shall be had, protect the Dominican Republic against foreign interposition, in order that the national expression may be free.

ART. 5. The United States shall pay to the Dominican Republic for the property hereby ceded, the sum of $1,500,000 in gold coin of the United States; such payment not to be made until the Senate of the United States shall have given its advice and consent to the making of this treaty, and an appropriation for the payment shall have been made by Congress and until delivery of all the property ceded shall be made to the persons authorized to receive the same.

ART. 6. The Dominican Republic engages to apply the amount so paid by the United States through a commission to be appointed by the present actual Dominican Government, toward the redemption of its public debt in a manner conformable to the laws of said Republic; this Commission to be respected and protected by the United States while in the legal performance of its duties. And the said Republic shall hold its public bonds as security for the payment of any part thereof, liquidated or unliquidated, which may remain unpaid after such application, and after the execution thereof to make no grants or concessions of lands or rights in lands, and to contract no further debts until Congress shall assume jurisdiction over the territory and officers shall be appointed to administer the affairs thereof. The United States are in no event to be liable for the payment of any part of such debt, or of the interest thereon, or of any obligation of the Dominican Republic.

ART. 7. Until provision shall be made by law for the government as a Territory of the United States of the domain hereby ceded, the laws of the Dominican Republic, which are not in conflict with the Constitution and laws of the United States, shall remain in force, and the Executive and other public officers of the Republic shall retain their offices until Congress shall enact laws for the Government of the Territory, and until persons shall be appointed to office pursuant thereto.

ART. 8. Immediately after the exchange of the ratifications of this treaty, the President of the United States shall appoint a Commissioner to proceed to the Dominican Republic and receive the transfer of the domains and the property hereby ceded, subject to the foregoing provisions.

ART. 9. The recent treaty shall be ratified by the contracting parties, it being understood that it must receive the constitutional advice and consent of the United States, before it can be ratified on the part of the United States, and the ratification shall be exchanged at Washington within four months from the date hereof, or sooner if possible.

ART. 10. In case of the rejection of this treaty the United States of America shall have the right to acquire the Peninsula and Bay of Samana at any time prior to the expiration of a period of fifty years, by paying to the Dominican Republic the sum of $2,000,000 in the gold coin of the United States.

ART. 11. It is understood that upon the ratification of this treaty the sum of $127,229 91, paid by the United States to the Dominican Republic on account of the rent of Samana, shall be deducted from the sum specified in article seventh of this treaty.

In witness whereof the respective Plenipotentiaries have signed this treaty, and thereto affixed their respective seals. Done in duplicate and good faith, in the English and Spanish languages, at the City of San Domingo, the twenty-ninth day of November, in the year of our Lord one thousand eight hundred and sixty-nine.

SCHEDULE OF PROPERTY MENTIONED IN ARTICLE I.

The stronghold of the city of San Domingo, which comprehends its walls, sixteen forts and small redoubts, two heavy batteries, various quarters, two powder magazines, the fortress called Hommage, and a park of artillery, with a full armament of cannon and mortars, iron and brass shells, grenades, grape muskets, and other utensils and instruments indispensable to a fortified place; the castle of San Jeronimo; the castle of Jama, on the river of that name, the Fort San Louis, at Santiago de Los Caballeros, the castle of San Felipe, at Puerto Plata, the fort of San Francisco, at Monte Christi; the fort of Santa Barbara at Samana; the fort of Los Cachos at the same place; the Custom House at San Domingo, and its dependencies; the Custom House of Samana, built of timber, the ports of San Domingo, Macores, Azua, Samana, Otarto Plata and Monte Christi, which are those which are licensed for commerce with foreigners. There are coves which could be applied to similar use especially Barapon Puerto Viejo, Do Azua, La Caldera, La Romana, Charon, Matanzas and Manzanillo. Various other points intended for fortifications, military stations, and which have either been removed or not yet erected.

Witness the hands of the said Plenipotentiaries, at the city of San Domingo, on the twenty-ninth day of November, A. D. eighteen hundred and sixty-nine.

RAYMOND H. PERRY.
MANUEL MARIA GAUTIER.

The Samana Lease treaty is very brief, and its points have been substantially given heretofore. The only features not heretofore given are the following. "It is understood that the Dominican Republic does not cede its right of free navigation of the waters of the bay. The United States shall protect the Dominican Republic against foreign intervention during the time agreed upon for exchange of the above ratification." The amount of money acknowledged by the Dominican Government as the first payment of the lease is $147,229 91. It should be stated that in regard to the signature of the treaty by Mr. Perry, that General Babcock, who conducted the negotiations as the American Commissioner, was precluded from signing the treaty officially by the law which prohibits military or naval officers from acting in a diplomatic or consular capacity. Hence power was given to Mr. Perry to affix his signature to the treaty.

RELIGIOUS INTELLIGENCE.

In Portland, Maine, the priests allow the boys to go to the public schools but send the girls to the Catholic schools. The North school has 1,857 scholars, and but 693 are girls.

Three years ago the Southern Methodists had but one church in Baltimore. Now they have nine. Reports also show their progress further northward, as in Iowa, Illinois and Indiana.

The Congregational Churches in California number forty-eight, being a gain of four during the year, number of ministers forty-nine, a gain of five; number of members 2,071, a gain of 131.

The Cumberland Presbyterians are discussing the wisdom of adopting the name of "The American Presbyterian Church," claiming to be the only Presbyterian Church of purely American origin.

The Biblical Recorder says: "While our associations report nearly 100,000 Baptists in North Carolina, there are really about 75,000 baptized deadheads and 25,000 Baptists doing all that is done by the denomination."

A revival of religion is in progress in Monrovia and other parts of Liberia, the most powerful and wide-spread ever before experienced on the continent. The families of President Payne, ex-President Warner, the late Attorney General, the ex-Chief Justice, and many of the prominent citizens have shared in its blessings.

The Universalists in the United States have 792 societies and 588 ministers connected with 82 associations. Their denominational schools, consisting of three colleges, two theological seminaries, and five academies, numbered last year 14,000 students. These institutions have an aggregate endowment of $2,000,000.

There is some hope of a resumption of the negotiations for union between the committees of the Presbyterian and the United Presbyterian Churches, which Dr. Pressly refused to call together again. Two members of the United Presbyterian committee have signified their willingness to meet again, notwithstanding the nonattendance at the last meeting of all but one of the members of the other committees.

THE CONSTITUTION OF VIRGINIA.—In his letter to the Congressional Reconstruction Committee, Hon. Joseph Segar, Congressman elect from Virginia, says that there are very many excellent provisions in the new State Constitution, some being retained from the old, which meet the unqualified approval of the people of the State, and that, although there are some objectionable features, they can safely be trusted to subject it to a fair test of actual experiment before any attempt to change it is made. He adds that the people, being now convinced that the slavery question has been for nearly a century the source of all their woes, resolved with unexampled unanimity to adopt the Fifteenth Amendment, as the sure and only instrumentality to settle that question forever, and that in Virginia the policy of that amendment is now "as fixed as the eternal hills, and will remain a monument of practical good sense and sagacity of the people until some stupendous revolution shall sweep it from its constitutional moorings."

TELEGRAPH STRIKER'S OATH.—The following is the form of oath taken by the striking telegraph operators:

"With the firm conviction that secondary only to your God and country, your services as a man are your own, to be devoted to your own advancement, you do solemnly swear, in the presence of Almighty God and these witnesses that you will make common cause with the members of this League; that forsaking your allegiance to corporations or individuals, you will, if necessity requires it, place your time and services at the disposal of the officers of the 'Telegraphers' Protective League;' that you will use all efforts *to increase the power* and efficiency of the League, and reveal neither the name of officers, nor members, nor purposes of the Society, excepting so far as may be necessary to encourage the admission of new members until fully authorized to do so by an official vote of the entire body. So help you God."

A fair retail trade has been done to-day, better than since the close of the holiday season. The produce market continues well supplied and prices remain unchanged. There is quite a quantity now on hand awaiting transportation. There are some three or four sea-going vessels now about due here, which will arrive within a day or two and then produce will be likely to infuse some vitality into business matters. January may be said to have been a dull month in almost every respect, and if we except the large receipts of produce from the Upper Willamette and the heavy freights which sea going vessels have carried away, we might say that but very little business indeed has been done. This picture is not flattering to our city, but there is no use to deny a fact which is patent to every one. Yet there has been much to give dealers here encouragement, notwithstanding the dull times, our exports have far exceeded our imports and the monthly bills were met in most cases with but little difficulty. We are yet confident that a good spring trade will be realized and while the entire coast, as some of our exchanges have it, is passing through a transition state in financial and commercial matters, we believe that Oregon is as well prepared to sustain it, as any other part of the country.

The following is extracted from our commercial dispatches of the 31st ult., from San Francisco, received yesterday

HIRAM SMITH'S

Ophthalmic Panacea!

IS WITHOUT DOUBT THE MOST WONDERFUL EYE HEALER that has yet been discovered.

It CURES the most stubborn and hopeless cases of CHRONIC INFLAMMATIONS, GRANULATED LIDS, FILMS, &c., as has been sufficiently demonstrated during the few months in which it has been brought into public notice. The proprietor is so fully convinced of its INFALIBILITY that he WARRANTS A CURE OR REFUNDS THE MONEY. It can do the eyes no harm, and a trial of it is therefore without injury or expense to the patient if a cure is not effected.

It has cured cases of FIVE, SIX, NINE, FIFTEEN, and even EIGHTEEN YEARS' standing in Harrisburg, Linn county, Oregon, and its vicinity, to which the following persons will bear witness:

E. B. MOORE,	NATHANIEL BELL,
A. L. WALLACE,	G. R. WARD,
Mrs. MONTGOMERY,	JOHN M. HOLLOWAY,
W. D. PORTER,	ROB'T RAMSEY,

And others in that vicinity

Persons afflicted with the distressing scourge of diseased eyes are advised to give this remedy a fair trial on the NO CURE, NO PAY and NO INJURY plan.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing, and Ulcerated Legs successfully treated

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system! Look at their pallid, emaciated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible life destroying maladies—see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make a strict inquiry, or you may fall into the hands of these charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequently insanity. If relief be not obtained should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN.

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay obtaining immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders who, with bogus sworn-to certificates, dupe the unwary. Some of the self-styled doctors whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers etc. Look over the San Francisco Directory, and you will not find their Medical Institutes in it, but you will find their former occupation in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing, and may save you many regrets, for, as advertising physicians, in eight cases out of ten, are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 623 Kearney street, corner Commercial, (Private Entrance on Commercial) San Francisco. Post Office Box 252.
